

PRESS RELEASE

SURVEY ABOUT NEWENT DOCTORS' SURGERY

Population growth in and around Newent is putting strain on the doctors' surgery. The time will come when it needs to be extended or replaced, and although no plans are yet in place, their Patient Participation Group (PPG) is asking patients and other users for their opinions and ideas relating to the existing building. They have set up a short online survey (<https://tinyurl.com/newent-surgery>) focussing on things like the building's layout, parking, access, and so on.

The PPG is made up of residents who represent the local population. It is independent of partners and staff and welcomes frank opinions, criticisms and positive suggestions. The survey is anonymous and there is space for additional comments where people can add whatever remarks they wish. To take part please follow the link above, scan the QR code, or collect a paper form from the surgery reception.

Information for editors

The author, Vilnis Vesma, chairs Newent's PPG and can be contacted by email as Vilnis@Vesma.com, or on 01531 821350 or 0777 378 1427, or at Pound House, Market Square, Newent GL18 1PS
